

SAP Concur extension

make it easy to retrieve expenses and related receipts!

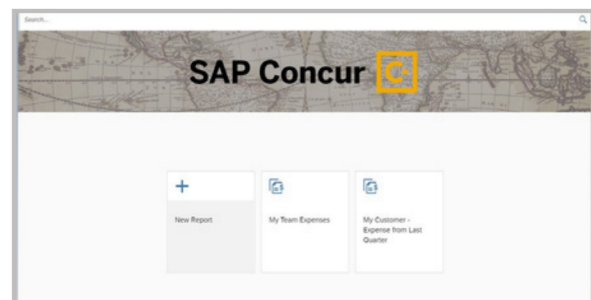

With Arago Extract-it, you can quickly **extract expenses and related receipts** from your SAP Concur Expense solution, with just a few clicks.

The extraction of expenses and receipts documents is a recurring, low value-added and time-consuming task. However, whether you are a project manager, auditor or financial controller, it is essential to be able to easily extract expenses and the associated receipts.

arago extract-it

Arago developed a specific application integrated with SAP Concur.

- ✓ Data availability quickly, anytime: all information from your SAP Concur can be search criteria.
- ✓ Security and proper use of data: users only access the data that concerns them.
- ✓ Integration to your IT: SSO integration with SAP Concur or directly with your Active Directory.

easily create your queries

GET YOUR DATA QUICKLY.

With Arago Extract-it, you can search for expenses by project code, client name, cost center, or any other information from your SAP Concur platform.

select the data you need - [DOWNLOAD](#).

Launch your query, select all expenses or only the data you need. Download one PDF that contains all expenses and receipts or use the ZIP option to get one folder with separate receipts.

save your queries - [REUSE THEM WITH DYNAMIC DATE](#).

create your own report

DISPLAY THE DATA THAT MATTER.

You can customise the extraction of your report with receipts. You decide what important information to display in your extracts, as well as the format that suits you.

Arago has been a leading global integrator of SAP® Concur® since 2010, effectively assisting organizations in moving towards innovative cloud solutions. With SAP Concur CCP and CIP certifications, Arago is fully qualified to help companies implement change, integrate systems, and provide training on the newest Concur solutions.
